Subject: Cultural Resources Concurrence Request, Christensen Ready Mix LLC, Big Al Mine, S/039/0039, Sanpete County, Utah

Dear Ms. Hunsaker:

The Division of Oil, Gas and Mining has received a proposal from Christensen Ready Mix LLC to conduct small mining operations on private land in Section 11, Township 15 South, Range 4 East, Sanpete County, Utah. The operator's maps indicate that he intends to disturb about two acres of land. One acre has been disturbed by previous mining activity, and the second acre is less impacted (though heavily grazed), and has sagebrush cover. No cultural resources survey was conducted. A map showing the general vicinity and the specific area to be disturbed is included with this letter.

Because of the partially disturbed nature of the small area to be disturbed, and since a significant survey in the close vicinity identified no resources that were recommended for listing as historic properties, the Division has determined that **No Historical Properties Will Be Affected**, and we seek your concurrence with this determination.

Thank you for your assistance. Please call me at 801-538-5261 if you have questions about this request.

Sincerely,

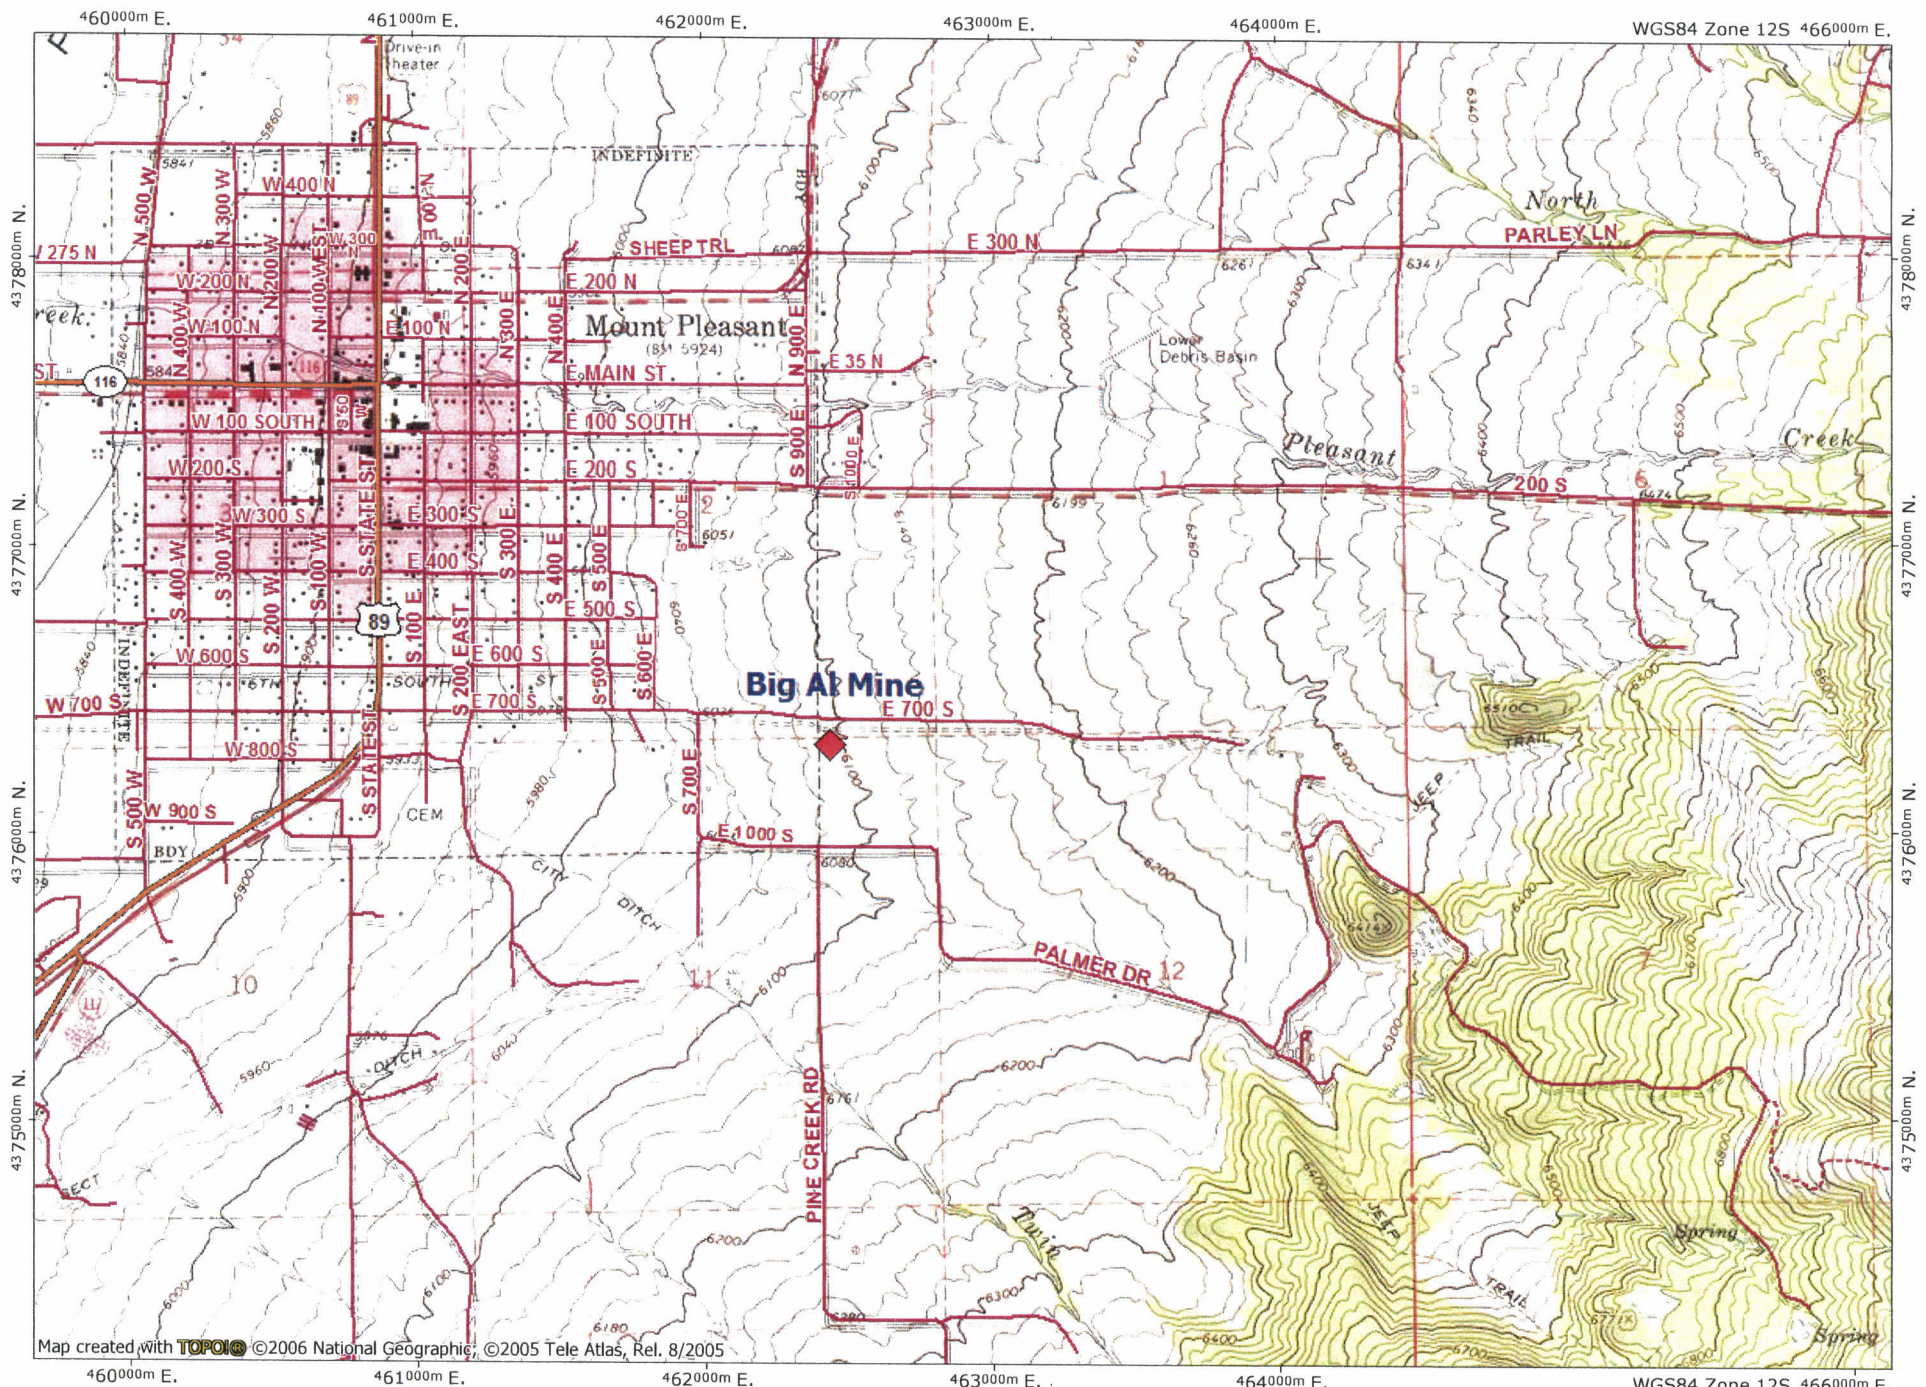

Paul B. Baker  
Minerals Program Manager
